Vanilla JavaScript (ES6+)

Vercel Edge Network

AI Tools & Integration

ChatGPT

Educational planning, concept structuring, and overall learning flow design. Translated raw NCERT textbook content into an engaging interactive blueprint.

Antigravity (Google DeepMind)

End-to-end interactive experience creation. Implemented the sophisticated CSS animations, complex state logic, and the intelligent

Boot Loader interface.

✨ **AI Visuals & NOVA**

Integrated the "NOVA" contextual AI tutor that reacts to student progress, providing real-time feedback, hints, and encouragement during quizzes and explorations.
